Café de Eleta is located in Piedra Candela, a place where nature, climate and altitude combine as a prime locations for specialty coffee production, just one kilometer from the border between Panama and Costa Rica. The area is primary rainforest preserve belonging to Central America's ecological corridor. Coffees grown on the farm benefit from this special location within the cloud forest, which is rich with exotic species and a wide variety of animals and plants.

**CUPPING NOTES:** Sweet blackberry, chocolate and dried fruit notes with a hint of spice and cinnamon. 82 Cup

NOT JUST COFFEE, YOUR COFFEE.
