High mountain coffees from the Sierra Madre of Chiapas are excellent coffees in terms of good performance, flavor, and quality. Coffee from Chiapas is cultivated with agro-ecological practices and grown under the shade of native tree species. There are 543 associates who are seeking financing vehicles and marketing alliances in order to access the specialty market and to benefit the families of associates in the best way possible.

CUPPING NOTES: Dark Chocolate, Brown Sugar and Floral, with a Medium Acidity and a Smooth Body.

NOT JUST COFFEE, YOUR COFFEE.
