Our chemical-free decaf comes from a wide array of origins, all going through the same decaffeinating process. It works through diffusion and not osmosis, utilizing elements of water, temperature, and time, maintaining as many original notes from the coffee as possible and making the most intriguing decaf coffees.

We've worked to define and then refine our Guatemalan profile. With a population of around 17.2 million, Guatemala is the most populated country in Central America. The territory of modern Guatemala once formed the core of the Maya civilization.

CUPPING NOTES: Clean, Lemony, Sweet, Hint of Graham Cracker, and Chocolate, with a Medium Acidity and a Medium Body.

NOT JUST COFFEE, YOUR COFFEE.
