As their name implies, the coop is located in the highlands of Aceh. With over 700 small farms, the coop is able to produce up to 1000 tons of premium quality coffees. Because they value business and the support from their community, their goal from the beginning was to give a portion of their net profit back into their community. Over the past few years, they have provided school supplies and food for students in the Aceh area and Medan areas. They work with professional nonprofit organizations to ensure that their charity programs are accountable and have a long-lasting impact in their community.

**CUPPING NOTES:** High Acidity and Body, Chicory, Cinnamon, Plum, Very Complex.

NOT JUST COFFEE, YOUR COFFEE.
