

# TANZANIA PEABERRY

**REGION:** Mount Kilimanjaro  
**FARM/COOP:** Kilimanjaro Plantation Estate  
**ALTITUDE:** 1,200 – 2,000 M  
**PROCESS:** Fully Washed and Mechanical Dried  
**VARIETAL:** Batian, N39, KP, Bourbon  
**SCREEN:** Peaberry  
**HARVEST MONTHS:** September to January

The uniquely fertile area in the region surrounding Mount Kilimanjaro is among the best in the world for the cultivation of Arabica. The entire plantation was planted with 1 million new coffee trees between 2000 and 2005. Every single coffee tree is connected to a drip irrigation system, which ensures an adequate water supply at all times. A central wet mill replaces the previously 8 decentralized processing plants and guarantees consistently high quality standards, while simultaneously reducing water consumption for the "fully washed" processing. Since 2009 Kilimanjaro Plantation has had a drying system with 9 different sized drums, which have a total capacity of 111 m<sup>3</sup>.

**CUPPING NOTES:** Bright Acidity, Medium Body, Notes of Savory Red Currant, Black Tea and Nougat with a Long Lingering Finish.
