

ARABICA BLEND DECAF MC PROCESS

WE'VE GOT
YOUR BATCH

REGION: Asia-Pacific and South America

100% Arabica MC Decaf is a smooth blend of Arabica beans sourced from Asia-Pacific and South America. The coffee is vigorously cupped and tested at origin and upon arrival at the factory in Bremen, Germany. It is gently processed by one of the world's oldest and most experienced decaffeination companies Coffein Compagnie. The MC process is the "gold standard" of specialty coffee due to its true taste and cleanliness. Each batch is carefully processed and a Certificate of Analysis is provided with each shipment.
