This is a regional blend from the south of Tolima. Due to the 2016 National Peace Accords, the remote, mountainous department of Tolima has enjoyed increased accessibility after being unreachable for decades while being occupied by the Revolutionary Armed Forces (FARC). Finally, farmers, traders and roasters were able to visit the farms and create better access to these amazing coffees.

CUPPING NOTES: Bright Acidity, Medium Body, Cinnamon, Cranberry, Red Cherry, Great Complexity.

NOT JUST COFFEE, YOUR COFFEE.
