French colonists brought coffee to Vietnam in the 1800's and today, Vietnam is one of the largest producers of coffee in the world, growing about 28 to 30 million bags per year. Of that, about 1 million is Arabica and the rest is Robusta, a strong plant that grows at low elevations, as low as sea level.

CUPPING NOTES: Mild Acidity, Medium Body, Leather, Roasted Nuts, Clove.

NOT JUST COFFEE, YOUR COFFEE.
