WE'VE GOT
YOUR BATCH

REGION: Sulawesi

GRADE: Grade 1 TP

ALTITUDE: 800 – 1,600 M

PROCESSING: Giling Basha (also known as wet-hulling)

VARIETAL: S795, Typica, Jember

Sulawesi coffee is grown at relatively high altitudes on the island of Sulawesi, formerly called Celebes (the Dutch colonial name), located in the middle of the Indonesia's Malay Archipelago. The coffee growing area of Kalossi is located in the country's southeastern highlands. The coffee is processed with semi-washed processing method, called "Giling Basha" in the Indonesian language.

CUPPING NOTES: Medium Acidity and Body, Brown Spice, Nutty, Dark Chocolate, Fruity Undertones.

NOT JUST COFFEE, YOUR COFFEE.
